

THE MOVEMENT OF MONEY
Westin Atlanta Perimeter North
August 23-25, 2023

SHOW GUIDE

powered by **-ePype**

FROM THE DIRECTOR'S CHAIR

Welcome to MPC23 – As the curtain rises, let me be the first to welcome you to the thirteenth annual MPC: The Digital Commerce Event.

As I reflect on previous conferences, I'm grateful to all of you – sponsors, exhibitors, speakers and attendees – for your contributions and support.

In keeping with this year's theme, "The Movement of Money," I encourage everyone to join this growing movement that is shaping our collective future.

Over the next three days, we'll have ample opportunities to network and learn from each other as we celebrate the future of banking, fintech, financial services, global economies and regulatory frameworks, security and more!

This year we've added new elements to the show. [Tedd Huff](#), host of the popular podcast, [Fintech Confidential](#), will be broadcasting live from the exhibit hall floor. In addition, we have launched our first trade show platform with [Epype](#), providing sponsors, speakers and attendees with their very own mini page and NFC card to drive engagement throughout the conference.

I'm also pleased to introduce my longtime friends from the tech channel, a diverse cohort of technology distributors, telecom agents, value-added resellers and advisors, whose perspectives are moving tech and digital commerce forward.

Thank you, as always, for being with us and making this the best MPC ever!

Marla Ellerman
Executive Director

THE WESTIN ATLANTA PERIMETER NORTH

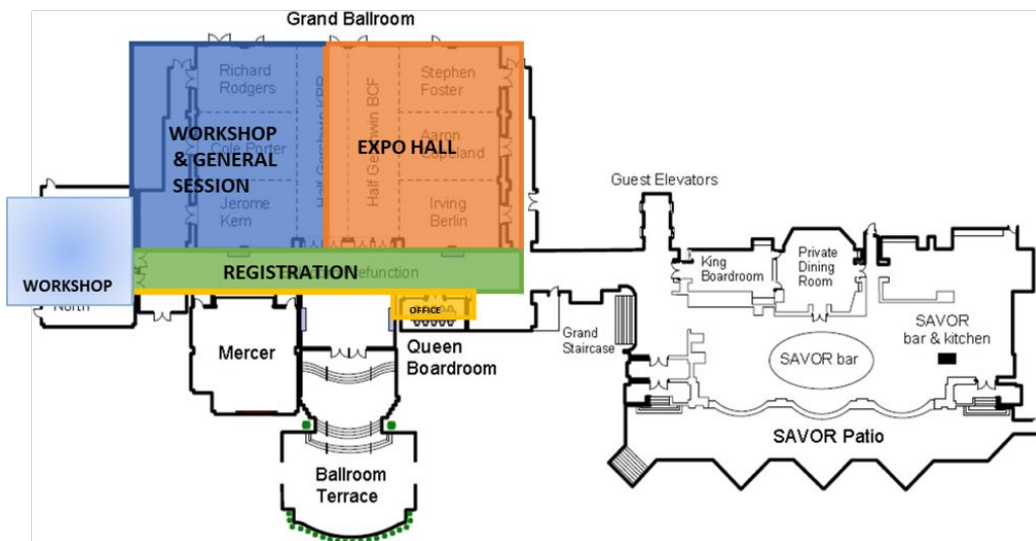

ABOUT

The Westin Atlanta Perimeter North

From the vibrant décor, to the personalized service, you're sure to love your stay at The Westin Atlanta Perimeter North. Just moments from our doorsteps, you'll find popular destinations, such as the Perimeter Mall, Sandy Springs Performing Arts Center, and Concourse at Landmark Center.

CONCOURSE LEVEL

DAY ONE - WEDNESDAY, AUGUST 23, 2023

7:00 – 6:00 PM ET
REGISTRATION

7:00 – 9:00 AM ET
CONTINENTAL BREAKFAST

Sponsored by: MMT

8:00 – 12:00 PM ET
WORKSHOP #1

Sponsored by: Chargebacks911

8:00 – 8:15 AM ET
INTRODUCTION

Speaker: Justin Clements, *Director of PR and Media Relations*, Chargebacks911

8:15 – 9:00 AM ET

CHARGEBACK EVOLUTION: HOW DISPUTE MANAGEMENT RESPONDS TO CHANGE

We'll survey the current chargeback landscape in 2023. We'll examine key stats, rule updates, and consumer behavior changes affecting the market, as well as how emerging innovations will impact chargeback management in the future.

Speaker: Monica Eaton, *Founder & CEO*, Chargebacks911

9:00 – 9:45 AM ET

CHARGEBACK MANAGEMENT IN 2023: WHERE MERCHANTS STAND

In this segment, we take a broader look at the payments industry and which hidden reasons are driving the increase in chargeback issuances. We'll explore how chargeback managers are coping with these new developments, how real-time data affects authorization rates, and why access to this data represents a massive competitive advantage. Attendees will get an exclusive look at the science behind dispute management, discover the psychology that drives the chargeback problem, and uncover how to combat this growing threat.

Speaker: Pel Faquiryan, *Chief Growth Officer*, Chargebacks911

DAY ONE - WEDNESDAY, AUGUST 23, 2023

9:45 – 10:30 AM ET

SPEAKER PANEL: EXCLUSIVE INSIGHTS FROM THE GLOBAL CHARGEBACK EXPERTS

In this speaker panel we will discuss a wide range of topics impacting the payments industry, including emerging payment methods, new first-party and third-party threat sources, leveraging dispute data, optimizing operations to mitigate chargebacks, and more.

Moderator: Rajil Vohra, *EVP of Partners*, Chargebacks911

Panelists:

Guy Harris, *Chairman*, Chargebacks911

Tedd Huff, *Founder, Host & Producer*, Fintech Confidential

Sondra Feinberg, *Global Go-To-Market & Customer Excellence and Fraud Protection Lead*, Microsoft

Monica Eaton, *Founder & CEO*, Chargebacks911

10:30 – 11:15 AM ET

APPLYING COMMON CENTS: WHEN TO OUTSOURCE CHARGEBACK MANAGEMENT

In this presentation, we examine the benefits and considerations of outsourcing chargeback management for businesses. We explore the key factors that influence the decision to outsource, such as transaction volume, internal resources, and expertise. This session will provide attendees with valuable insights into the potential cost savings, improved efficiency, and enhanced customer service that can be achieved through outsourcing. It will also equip them with the knowledge and tools to make informed decisions about whether outsourcing chargeback management aligns with their business needs and objectives.

Speaker: Pel Faquiryan, *Chief Growth Officer*, Chargebacks911

11:15 – 12:00 PM ET

HOW TO TRANSFORM CHARGEBACKS FROM A LIABILITY INTO AN ASSET

As we've explored, chargebacks are a liability for a litany of reasons. However, chargebacks also represent key data points that can give you crucial insights into your customer experience, bank interactions, fulfillment processes, and more. Here, we'll examine several real-world case studies to illustrate how you can leverage chargebacks as a means to optimize processes, improve your authorization rate, and use your resources more effectively. We'll also explore why chargebacks call for specific insights, feedback, and a consultative approach.

Speaker: Harlan Hutson, *Director of Strategic Partnerships*, Chargebacks911

DAY ONE - WEDNESDAY, AUGUST 23, 2023

8:00 – 12:00 PM ET

WORKSHOP #2

Sponsored by: **BalancedTrust**

8:00 – 8:20 AM ET

BANKING AS A SERVICE, THE SIDE DOOR OF THE BANK

There is a new front for the battle over control of payments and who gets to “move the money”. The battle ground isn’t the front door of the bank but the side door where third party vendors and wholesale fintechs have lived for years. We will explore the changing landscape of fintech, payments, digital assets and banking and what new opportunities exist.

Speaker: *Travis Dulaney, Founder | Payments | Risk Management | Fintech | Advisor | Angel Investor, BalancedTrust*

8:20 – 8:55 AM ET

HAS YOUR BANK FALLEN OUT OF LOVE WITH YOU?

After the collapse of SVB & Signature Bank it feels like our bank is trying to get rid of us. Are you now getting ghosted by your bank? Throttling customer onboarding has led to a months-long process to onboard customers. This could mean it’s time to find a new bank. So, how do we date others and break up with our bank?

Moderator: *David Hadesty, Co-Founder & Business Development, BalancedTrust*

Panelists:

Chris Stanley, SVP Payments & Technology, Georgia Banking Company and Consultant, BalancedTrust

David Wilford, Co-Founder & General Counsel, BalancedTrust

Paul Harkins, Chairman, AugieApp

8:55 – 9:30 AM ET

FIRESIDE CHAT: ENTERPRISE RISK MANAGEMENT

Don’t be another SVB or FTX! Join us for this fireside chat session to learn the components it takes to build out an effective Risk Management program and why it is important for Fintechs. Understand the importance of risk assessments and how they inform operations of key areas that impact the financial health of a fintech, including BSA/AML, OFAC, consumer protection, third-party risk management, complaint management and others.

Speakers:

Kimberly Hebb, Co-Founder, Chief Risk & Compliance Officer, BalancedTrust

Peter Moenickheim, Bank Enterprise Risk Management, BalancedTrust

DAY ONE - WEDNESDAY, AUGUST 23, 2023

9:30 – 10:05 AM ET

THE ABCs OF CAPITAL RAISING

Fundraising basics Basic terms and to-do list, like what is “pre” and “post-money”? Things you need: Pitch Deck, business plan and financial models, etc. What are VCs and Angels looking for? When do you ask and for how much? Who do you ask?

Speaker:

Larry Berlin, *Founder*, Blue Point Advisory Services and Fintech GTM Consultant, BalancedTrust

10:05 – 12:00 PM ET

EDUCATIONAL: HOW TO GET A SPONSOR BANK TO SWIPE RIGHT

- Know the Environment
- Banking Perspective & Thinking
- Types of Banks & Risks
- Understanding Risk Appetite
- Understanding your Fintech Risk Profile

Speakers:

Travis Dulaney, *Founder | Payments | Risk Management | Fintech | Advisor | Angel Investor*, BalancedTrust

Kimberly Hebb, *Co-Founder, Chief Risk & Compliance Officer*, BalancedTrust

12:00 – 12:55 PM ET

LUNCH BREAK

Sponsored by: Chargebacks911

DAY ONE - WEDNESDAY, AUGUST 23, 2023

12:55 – 1:00 PM ET
OPENING REMARKS

Speaker: Will Hernandez, *Media Strategist*, BackBay Communications

1:00 – 1:20 PM ET
KEYNOTE: SOLVING FOR THE DISTINTERMEDIATION BETWEEN BANKS, MERCHANTS, AND CUSTOMERS

Big tech is controlling consumer awareness, choice, and experience via their walled gardens, disintermediating the relationships between banks, merchants, customers. In this keynote, we will explore the transformative impact of commerce platforms to strengthen and re-intermediate relationships, foster loyalty, and drive business growth through innovative engagement and payments tech.

Speaker: Will Graylin, *CEO and Chairman*, OV Loop

1:20 – 1:55 PM ET
EXPLORING NEW FRONTIERS OF DIGITAL ASSET TOKENIZATION

Tokenization's potential stretches beyond cryptocurrencies and NFTs, with the power to reshape sectors like retail, healthcare, real estate, finance, and media. Uncover how its unique traits like fungibility, programmability, and fractionalization can open up new frontiers of the digital economy. We'll also tackle its challenges and how to navigate them. Your journey toward effectively leveraging tokenization starts here.

Moderator: Ganeshram Ramamurthy, *Director of Engineering*, Relevantz

Panelists:

Nitin Gaur, *Global Head of Digital Asset & Technology Design*, State Street

Micah Kerr, *Head Architect of Distributed Ledger Technology*, Discover Global Network

Sponsored by: Relevantz

DAY ONE - WEDNESDAY, AUGUST 23, 2023

1:55 – 2:15 PM ET

FIRESIDE CHAT: FROM TEXT TO TAP – EXPLORING MOBILE PAYMENT TRENDS IN THE PAYFAC WORLD

Step into the dynamic world of mobile payments to discover how text-based and tap-to-pay solutions are beginning to shape the future of transactions, providing seamless and secure payment experiences for businesses and consumers alike. Join us for an engaging fireside chat led by industry experts Brad Pinneke, VP of Business Development for Worldpay for Platforms, and Trevor Rubel, President and COO of Authvia. This session will dive into the latest advancements in mobile payment technologies within the Payment Facilitator landscape. Gain valuable insights into the latest trends that lie ahead in the ever-evolving world of mobile payments.

Speakers:

Brad Pinneke, *VP of Business Development, Worldpay for Platforms, Worldpay | Payrix*
Trevor Rubel, *President and COO, Authvia*

Sponsored by: Payrix by Worldpay

2:15 – 2:40 PM ET

BREAK: Live Demos Exhibit Hall

Sponsored by: AP Technology

2:40 – 3:15 PM ET

BNPL: IS IT THE FINANCIAL WEAPON OF MASS DESTRUCTION OR THE FINANCIAL HERO FOR THE MIDDLE CLASS?

Is BNPL here to stay? Can it help consumers manage their finances more effectively, help with budgeting? Or does it encourage impulse purchases and reckless behavior? Is the industry pushing more people into debt?

Moderator: Ali Raza, *Director, Technology Strategy – Payments Industry, Protiviti*

Panelists:

Rob Seidman, *Head of Product, BNPL/POS Lending, U.S. Bank / Elavon*
James Price, *Vice President, Repay*
Vlad Sadovskiy, *CEO & Chief ISO Banker, Netevia*

DAY ONE - WEDNESDAY, AUGUST 23, 2023

3:15-3:50 PM ET

EMERGENT OPPORTUNITIES FOR CARD BRANDS

Financial services have changed dramatically in the last decade, shifting from physical to digital and from batch to real time. Consumer preferences and expectations about access and convenience continue to evolve, heavily impacted by their experiences with Google, Amazon, Apple and other digital native industry players.

Moderator: Wendy Holliday, *CEO, PayTech Women*

Panelists:

Ginger Schmeltzer, *Principal – Data & Services, Mastercard*

Geraldine Mitchley, *VP of Connected Commerce, Visa*

Gabriela Loayza, *Sr. Manager, International Strategy & Sales Enablement, Discover*

Sponsored by: PayTech Women

3:50 – 4:10 PM ET

KEYNOTE: EMERGING FRAUD INSIDE AND OUTSIDE OF PAYMENTS

Fraud is constantly changing, and new tactics emerge every day. But no matter what the strategy is or how fraudsters are attempting to cheat the system, the outcome is always the same: your revenue is in jeopardy. The secret to staying one step ahead is data. If you have access to the right data elements and can leverage them in the correct way, you can gain the upper hand. This session focuses on emerging fraud trends and Kount's approach to staying one step ahead.

Speaker: William Maviromichalis, *Account Executive, Kount*

Sponsored by: Kount

DAY ONE - WEDNESDAY, AUGUST 23, 2023

4:10 – 5:00 PM ET

2023 STATE OF CENTRAL BANK DIGITAL CURRENCIES

After the flurry of activity on Central Bank Digital Currencies around the globe, they are getting fewer headlines. The Federal Reserve has sunsetted Project Hamilton, and has been mute on the request for comment issued by the Board. Yet, many countries are moving forward with pilots. What's going on?!

Moderator: *Peter Tapling, Managing Director, PTap Advisory, LLC*

Panelists:

Craig Borysowich, Global Payments Strategist, IMedge Consulting Group

Barry Tooker, Cross Border Working Group Chair, U.S. Faster Payments Council

John Fagan, CEO, Payala

Sponsored by: PTap Advisory

5:00 – 5:35 PM ET

PAYMENT STRATEGIES, PAYMENT REALITIES

With Real-Time Payments (RTP) a reality... is it better to pay now, or is advantageous to wait? Buy Now Pay Later and RTP and check payments.

“I will gladly pay you Tuesday for a hamburger today.” – J. Wellington Wimpy (Popeye)

What will be the payment preference for businesses and consumers in 2023 and beyond? Checks. Real-Time Payments. ACH. Cards. Buy Now Pay Later. Crypto. What are the best ways to pay for businesses and consumers? Is faster necessarily better? And what about security– does speed comprise safe transactions? Payment experts will weigh-in on the current state of payments and on what lies ahead. Get payment strategies from the experts while learning the latest developments in the payments space. Don't miss this panel, or it could cost you!

Moderator: *Greg Wilfahrt, Chief Mobility & Marketing Officer, AP Technology*

Panelists:

Richard Love, CEO, AP Technology

David Morris, Principal Analyst, Payments & Commerce, Insider Intelligence

Sponsored by: AP Technology

DAY ONE - WEDNESDAY, AUGUST 23, 2023

5:35 – 5:55 PM ET

FIRESIDE CHAT: FASTER PAYMENTS = FASTER FRAUD: WHAT TO CONSIDER

If you are considering adding faster payments to your repertoire, there are some things you should think about in terms of risk. From the initial decision to incorporate them into your processes, where they will fit in your strategy, what you should expect your bank to say, and what will be needed to begin incorporating them all the way through the day-to-day risk mitigation and handling unforeseen events. Companies and financial institutions should pursue and enjoy all the benefits of faster payments but should also take steps to mitigate risks associated with the speed of payment processing.

Speakers:

Shari Krasinski, *SVP & Regional Sales Manager*, U.S. Bank

Martin Hawkinson, *VP, Risk Manager and Compliance Manager*, U.S. Bank

5:55 – 6:00 PM ET

DAY 1 WRAP UP

DAY THREE - FRIDAY, AUGUST 25, 2023

8:30 – 9:05 AM ET

BUILDING ENGAGED TEAMS IN TODAY'S (HYBRID) ENVIRONMENT

It has never been more important for leaders to create highly engaged, high performing teams. Studies show that employee & team engagement has fallen in the past few years.

Organizations have been required to make major shifts. Building high performing teams is critical for leaders. Most companies were forced to move to a remote model practically overnight that turned into a 2-year pandemic environment. This required leaders to build/rebuild, motivate and retain talent through some of the toughest times. There are many learnings from leaders who have excelled with remote/hybrid teams and in our panel, we will hear from them. In this panel, you will hear directly from senior leaders sharing their perspectives on: • What is team engagement and why is it important • The dynamics of a well performing, highly engaged team • Top challenges leaders face especially in a remote and hybrid environment related to employee & team engagement and how can companies and leaders keep their teams “connected”. • How do you build/rebuild a high performing team • How does engagement impact retention • What is the right balance of virtual/in person engagement • Best practices leaders can implement right away to enhance team engagement.

Moderator: Polly Van Duser, *VP, Talent Acquisition, One Inc*

Panelists:

Sarah Owen, *Chief Product Officer, One Inc*

Tina Reese, *Executive Director & North America Head of Sales for Technology, Media & Telecoms, J.P. Morgan*

Jodi Durst, *CEO, ePaymints*

DAY THREE - FRIDAY, AUGUST 25, 2023

9:05 – 9:25 AM ET

KEYNOTE: CYBERSECURITY

Mobile devices abound and the convenience of mobile payment transactions has revolutionized the way we support payment transactions. No less, this technological shift includes its own cybersecurity threats. As the use of mobile payment solutions grows, the need for robust security measures becomes more pressing than ever. This presentation and demonstration aim to shed light on the vulnerabilities inherent in mobile payment systems and how these weaknesses can be exploited. Attendees will gain a comprehensive understanding of how data flows from mobile applications, through APIs, and to acquiring banks. These flows will then include both the attack points and the protective measures which can mitigate the risks of this growing payment channel. A live demonstration involving the audience will bring a more tangible perspective to securing mobile payment transactions. Witnessing these steps, vulnerabilities, and controls in action will empower attendees to grasp the practical significance of mobile payments and to make wiser decisions. By attending this talk, participants will be better equipped to protect their financial assets and sensitive information from falling into the hands of malicious actors. They will gain valuable insights into the evolving threat landscape and learn how to implement proactive strategies to stay one step ahead of cyber adversaries. Join us for this interactive and informative presentation to strengthen your knowledge of mobile payment security and embrace secure practices to ensure a safer digital future.

Speaker: Sully Perella, *Technical Director*, Schellman Compliance LLC

9:25 – 10:00 AM ET

BANK, FINTECH APPROACHES TO RTP

This panel discussion will bring together experts from both banking and fintech sectors to examine the evolving dynamics of real-time payments. Through insightful discussions and real-world case studies, the panelists will shed light on the opportunities, challenges, and key strategies that lie within these partnerships, ultimately empowering participants with a deeper understanding of the impact these collaborations can have on the future of finance.

Moderator: Kim Schwendeman, *Senior Vice President of Payment Adoption*, STAX

Megan Mountain, *Executive Director, Head of Pay by Bank U.S.*, J.P. Morgan

Laura Gibson, *Executive Director*, Georgia Fintech Academy

10:35 – 11:20 AM ET

NETWORKING BREAK – EXPO HALL OPEN

Sponsored by: Pax

11:20 – 11:55 AM ET

EXPAND CHANNEL REACH TO PARTNERSHIP

A channel partner can help you expand into new markets, enhance your value, increase revenue, and improve the customer experience. In this session you'll hear from our panel of experts focused on building strategic partnerships in the payments ecosystem. From value added distribution and innovative technology, to commerce platform enablement and device connectivity – this session is sure to showcase the multifaceted approach needed in today's evolving market.

Moderator: Natasha Royer Coons, *CEO*, Advantix

Panelists:

Ken Schember, *SVP Inside Sales / ISV Integrated Payments*, PAX

Courtney Kelly Peters, *VP Partnerships*, Freedom Pay

Heather Philpott, *Director of Corporate Business Operations*, ScanSource

Sponsored by: Pax

DAY THREE - FRIDAY, AUGUST 25, 2023

11:55 AM – 12:30 PM ET

FIRESIDE CHAT: HOW CAN FINTECHS INFLUENCE REGULATION DEVELOPMENT

The financial sector is a heavily regulated space. Learn how a Fintech (and other industry participants') actions and inactions impact and influence the development of laws, regulations, and supervisory guidance with respect to banking, BaaS programs, and access to consumers, rails, and systems.

Speakers:

Kimberly Hebb, *Co-Founder & Chief Risk & Compliance Officer*, BalancedTrust
Peter Moenickheim, *Enterprise Risk Management*, BalancedTrust

Sponsored by: BalancedTrust

12:30 – 1:05 PM ET

HIGH-RISK, HIGH-REWARD MERCHANT SERVICES

In the unique, complex world of banking, high-risk merchant services present a unique challenge and opportunity for financial institutions. This panel will bring together industry veterans, risk management experts, and innovative fintech disruptors to shed light on this sometimes-confusing area of operation. Panelists will delve into the details of managing high-risk, high-reward merchant services, presenting an in-depth analysis of the current trends, best practices, and future prospects. The session will also unpack the potential risks, rewards, and regulatory implications, while exploring the tools and strategies to balance profitability and risk mitigation effectively. Whether you're an established professional seeking to diversify your portfolio or a new entrant looking to understand this high-stakes terrain, this session will equip you with insights to navigate the complexities of high-risk merchant services.

Moderator: Erin O'Donnell, *Founding Partner*, Infused Banking

Panelists:

Chris Boone, *Senior Associate Regulatory Group*, Venable LLP
Jodi Durst, *CEO*, ePaymints
Glenn Smith, *Senior Sales Executive*, Paysafe

PLATINUM

BalancedTrust.

Balanced Trust is a new type of Risk & Compliance Management platform, designed to help Bankers consolidate their fintech portfolios and risk management controls in one platform. While providing Fintech & Digital Asset firms a fully tailored compliance program which is directly aligned with how your sponsor bank is monitored by its regulator, all but guaranteeing you are regulatory compliant. Our new innovative design on a Risk & Compliance platform solves those nasty compliance challenges and best manages the systemic risk in third- and fourth-party relationships.

We specialize in helping online businesses prevent chargebacks, minimize loss, mitigate risk, recover lost revenue, and enhance the customer experience. Our services were specially designed to handle the task of chargeback management in its entirety. Chargebacks911™ aims to liberate valuable resources so merchants can focus on retaining customers, increasing sales, and growing their business. Comprehensive solutions are customized for each individual business, negating the reliance on one-size-fits-all and error-prone strategies that are common throughout the industry. We are the only service provider to utilize the powerful combination of patented technologies, machine learning, and human forensics. This enables Chargebacks911 clients to experience long-term, sustainable ROI.

[] Payrix by worldpay

Payrix is on a mission to be the global leader in embedded payments for vertical software businesses. We are committed to giving our clients more freedom and peace of mind with a proven solution that helps eliminate friction, unleash their possibilities with new revenue, and make their customers' lives easier. Payrix clients including Real Green Systems, Storable, Perfect Gym, SimplySwim and ResMan have harnessed our unique, all-in-one platform — combined with a white-glove approach — that enables them to capitalize on the opportunities within embedded payments for growth, innovation, and transformation.

PLATINUM continued

We are in the business of custom software engineering. We started out as a software product company and inherited the engineering culture of innovation. Our experience from having built product software and solutions for 6 of the 100 largest software firms in the world has helped us build software that is scalable, robust, secure, cloud native, and accessible across multiexperience environments. We deliver software solutions for leading enterprises and ISVs in the finance, healthcare, insurance, media, telecom, retail, and technology sectors.

We strive to be relevant to our customers by staying ahead of the constantly changing business and technology landscape. We have and will always be relevant to our associates—to their aspirations, satisfaction and happiness.

The Walker Group is a boutique management consulting firm focused on partnering FinTech companies with partners ranging from financial service providers, banks and integrated partners. This relationship is developed from acquiring a deep understanding of the goals and objectives of the FinTech company to identify the partners seeking outsourced payment solutions.

GOLD

Kount, an Equifax Company, delivers real-time fraud prevention and account protection to enable personalized customer experiences for more than 9,000 leading brands and payment providers. Linked by award-winning AI, Kount's Identity Trust Global Network analyzes signals from 32 billion annual interactions to personalize user experiences across the spectrum of trust—from ensuring frictionless experiences to blocking fraud. Quick and accurate identity trust decisions deliver safe payment, account creation, and login events while reducing digital fraud, chargebacks, false positives, and manual reviews.

PayMaple is a payments and software company working with dealerships of all types to create a better employee experience through the use of technology and integrations. PayMaple owns the entire process, from accepting a transaction (POS System), to utilizing its processing license (Payment Facilitator), and to and through the back end reconciliation engine that allows dealerships multiple cost saving opportunities.

SILVER

TECHNOLOGY

AP Technology is a business payments technology company founded in 1989. Last year, customers processed more than \$140 billion in payments using our full suite of accounts payable payment products. AP Technology continues to define and evolve the payments industry with pioneering software products that provide next-generation security, efficiency, speed, mobility, and data management for check, ACH, and card payments. AP Technology's suite of products includes: APSecure, SecureCheck, SecurePay, ezSigner, Checkrun and GOVePay.

Founded in 2001, PAX Technology, Inc. is an innovative global provider of electronic payment solutions offering world-class, cost effective and superior quality payment solutions. Our comprehensive portfolio of PCI and EMV compliant electronic fund transfer point-of-sale (EFT-POS) terminals include various models within each of the key segments of Countertop, Mobile and Wireless, Multilane Retail and Contactless / NFC.

PAX has consistently been the top ranking supplier of POS terminal solutions to acquiring banks in China, while evolving in the last couple of years into a major global player, winning substantial market share in international markets with innovative products that are fully compliant with international standards.

Building on its service excellence and proven leadership position, PAX is considered one of the fastest growing payment solution providers with world-class manufacturing and R&D capabilities and a growing sales and channel partner network across the globe.

BRONZE

Built from the ground up, Blockchain Names are minted as an NFT on the blockchain. All data stored on the distributed IPFS file system. It will use a ^ carat symbol as its first character. Assign as many blockchain addresses to your Name as you like! Blockchain Names work with any crypto currency or public key. We allow you to identify each of your keys with a nickname. example: ^MyName.key.btc.coinbase ^MyName.key.eth.metamask Start using your Blockchain Name! Share your Blockchain Name to receive crypto payments. Utilize our public Blockchain Name Explorer directory. Blockchain Names are easy to use! You may claim any available Blockchain Name for a lifetime!

Bluefin is the recognized integrated payments leader in encryption and tokenization technologies that protect payments and sensitive data. Our product suite includes solutions for contactless, face-to-face, call center, mobile, Ecommerce and unattended payments and data in the healthcare, higher education, government and nonprofit industries. The company's 200 global partners serve 20,000 enterprise and software clients operating in 47 countries. Bluefin is a Participating Organization (PO) of the PCI Security Standards Council (SSC) and is headquartered in Atlanta, with offices in Waterford, Ireland.

Dexter Howard Events is a boutique event planner committed to providing unique, memorable experiences in California Wine Country and across the globe. We offer clients customized full-service planning or ala carte assistance to their in-house planners. Led by Proprietor Christina Dumlao, the DHE Team brings their expertise in concierge services to planning and executing measurable successful private and corporate events.

BRONZE

Discover Global Network is the global payments brand of Discover Financial Services, processes millions of cardholder transactions each day. We enable global commerce with an expansive network that has been forged through partnerships with today's payments and technology leaders. Our proven B2B and B2C payments solutions facilitate traditional and digital acceptance—and we continue to be at the forefront of the evolving digital payments landscape. Discover Global Network is the fastest growing global payments network with more than 280 million cardholders, more than 60 million merchant acceptance locations and 1.8 million ATM and cash access locations. It includes Discover Network, Diners Club International, PULSE® and more than 25 alliance partner networks across the globe.

Five9 is an industry-leading provider of cloud contact center solutions, bringing the power of cloud innovation to more than 2,000 customers worldwide and facilitating billions of customer engagements annually. The Five9 Intelligent Cloud Contact Center provides digital engagement, analytics, workflow automation, workforce optimization, and practical AI to help customers reimagine their customer experience. Designed to be reliable, secure, compliant, and scalable, the Five9 platform helps increase agent and supervisor productivity, connects the contact center to the business, and ultimately deliver tangible business results including increased revenue and enhanced customer trust and loyalty.

BRONZE

Green Rhino Recruitment (GRR) is a niche recruitment firm focused on finding SME's in the payments space, working with: Payfacs, Acquirers, gateways, processors, Issuers, PE firms, banks, financial institutions, Card Brand Networks, fintech companies, startups, ISO's, SAAS and Technology companies, and Enterprise or large companies with Payments divisions.
